

Output Power:	Class A/B, 20 W x 2 channel.
Frequency Response (± 3 dB):	20 Hz ~ 22 kHz.
THD+N:	0.08%.
S/N:	70 dB (rated output 20 W RMS @ 1 kHz).
Dynamic range:	75 dB (rated output 20 W RMS @ 1 kHz).
Power consumption:	0.079 W/h @ 50 % output.
Dimensions (HxWxD):	91 x 232 x 356 mm.
Weight:	4 kg.

*Final specification is subject to L&I's latest confirmation.

Hybrid

Power amplifier with iPod Dock

At Lars&Ivan, we believe many audio amplifiers look similar and have boring shapes. We decided to design our Hybrid amplifier for both quality and style. We highlighted the tubes by placing them at the front of the design to blend in with the curved contour of the top plate. The creation is a mix of modern elegance, the smooth round lines of the design complement the whole amplifier, we believe it's an authentic breakthrough in up to date purist design blended with a wonderful musical sound delivery.
