ISOFA®

Micro amplifier with iPod Dock

Laid-back, relax and listen your favourable music. Or have some background music while you're working.

This is the life style we imagine and develop the iSofa - a compact size digital class D amplifier that can easily be connected to your computer, notebook, and your personal ipod. Powerful stereo output but small size, with bass jack out for optional sub-woofer. Remote control unit can allow you to select songs and adjust volume while you're laid back at your comfortable sofa.
