2 system Way

The listening experience is magical as the Bolero is all about delivering that “live” sound that so many small systems forget. Bolero uses its own custom designed wide range main drive unit to deliver absolute detail. This drive unit employs the latest space-aviation grade materials sourced from Japan. The vision is pure “audio couture”; the wide range drive unit naturally blends with Bolero’s body and truly complements our Hybrid for a total quality visual and listening experience.

Two way ported reflex system

High frequency driver: **0.75"** (20 mm).

Low frequency driver: **4"** (100 mm).

Impedance: **4 Ohm.**

Drivers: **Markaudio.**

Frequency response (± 3 dB): **50 Hz ~ 20 kHz.**

Power handling (continuous): **40 W RMS. 80 W Total.**

Sensitivity (2.83 V / 1 m): **88 dB.**

Dimensions (HxWxD): **253 x 183 x 170 mm.**

Weight: **1,9 Kg / unit** (without wire and packaging).

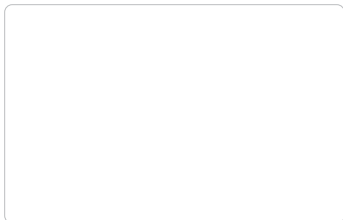

Available colour: **White (Platina driver) / Black (Aurum driver).**

Complements: **Hybrid Amplifier.**

* Final specification is subject to L&I's latest confirmation.
